BATHROOM FURNITURE

COMPANY VALUES

Devo company as a bathroom furniture producer has been present on the European market about 30 years, supplying biggest bathroom companies which operate worldwide.

Our aim since the beginning of operation was to create products of the highest quality, innovativeness and unique design. For many years we were related with renowned European material producers such as: Egger, Kronospan, Pfleiderer, Blum, Camar, Ica, Renolit, Hornschuch etc. Devo's key strengths are extraordinary durability of products, a vast range of finishing decors and an unique design which all earn recognition on many trade shows, both Polish and European. Our clients have created and keep on creating exceptional bathroom projects with our involvement for years.

Actual offer in this catalogue consists of 23 bathroom furniture lines with timeless attributes, designed to meet the preferences of most demanding customers. You will find here a wide variety of styles and sizes of furniture enabling to fulfill perfectly spatial possibilities of our customers.

Devo company, as one of the oldest Polish bathroom furniture producers, earned reputation of stable and innovative company becoming a trustworthy business partner that ensures partnership on the highest possible level, which is based on reliability, trust and the most important of all exceptional and durable products.

We are looking forward to work with you.

AMARO

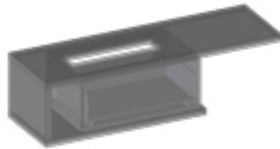

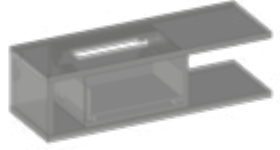

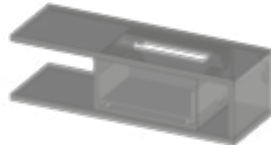

The modern Amaro series offers a wide range of solutions: the collection includes a table top, an open post and a door post as well as an additional element of a functional bathroom, such as the mobile Container with mattress, in which we can also store bathroom trinkets.

The offer is complemented by multimedia Mirror with Bluetooth and ceramic washbasin. Properly selected Color scheme of the collection manifesting itself in the composition of white with different shades of oak (3 decors to choose from) emphasizes both lightness and timelessness of the set.

VENA ARTE

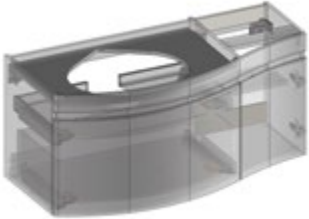

The main feature of Vena Arte series is a unique form thanks to which it becomes a leading element of bathroom interior space. In new edition of Vena series there has been used a handle in the form of subtle, metal strip which adds elegance and charm to a cabinet and emphasizes a sophisticated line of fronts. Thanks to a wide range of colors and various types of countertops and washbasins to be chosen, the Vena Arte series offers many creative possibilities for architects and interior wizards. Furniture of this series perfectly combines functionality, comfort and elegance.

TULIP

While designing Tulip series the keynote was minimalism, delicate and modern form. The technology used in this furniture gives the whole series uniqueness, which combined with the Tulip exceptional style makes each bathroom a special place.

ARIA

The combination of modernity and minimalism is a leitmotiv of the Aria series. High functionality has been achieved through sensomatic opening system activated by pressing the front together with a quiet and soft closing. Unique design is created by the combination of an ultra-slim glossy white furniture body with an interesting colors of the fronts. The completion of the series is a white washbasin with unique decor which perfectly goes with the design. A ceramic washbasin with more classic lines is also available.

MOCCA

Mocca series is characterized by round edges of cabinets which give them style and exceptional gentleness. White glossy fronts with a body with wooden decor, referring to the nature, create a complete harmonious item. Subtle handle coming out of cabinet fronts perfectly goes with the body and pattern of the furniture. Almost unlimited use of any wash basins mounted on countertops emphasizes modernity and versatility of this unique series.

LAMBO

Lambo series consists of combination of solid furniture structure with bold accent of milling (ribbing) on the fronts and delicate chrome handles. Expressive form of this item of furniture and curved fronts give the splendor and clarity to the collection. Furniture of Lambo series has been designed for customers who put individualism and quality in the first place. The furniture is available in both bold and traditional white glossy colors.

VIVA

Viva Series is characteristic for its cubic composition logic. The pillar is freely configurable through modular construction fitting your space needs. The space between the modules is used by drawers, making even the smallest space usable, which is important for storing bathroom accessories.

GLORIA

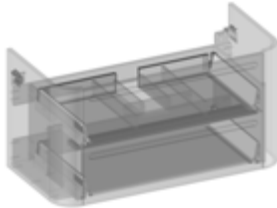

Gloria is the culmination of creativity in combination of straight and curved furniture elements. The use of unique milling replacing handles makes the project a very sophisticated one. A washbasin with rounded edges provides Gloria with timeless look and unique design.
